FRANKLIN ENERGY SELECTS SIEGEL-GALLAGHER TO SECURE OFFICE REQUIREMENTS NATIONWIDE

Milwaukee, WI, April 20, 2009—Franklin Energy Services, LLC of Port Washington, a national leader in energy efficiency program implementation services for utilities, states, and municipalities, has selected Siegel-Gallagher to provide tenant representation services to search for new office locations as they expand operations throughout the United States. The rapidly growing company, which advises businesses on how to reduce utility costs and improve overall energy efficiency, is currently looking to add locations in Michigan, Minnesota, Colorado, New Mexico, Nevada, and Wisconsin. The agreement with Siegel-Gallagher will ensure that Franklin Energy is knowledgeably guided through the complicated process of finding new locations in many different markets.

“This is an exciting time of expansion for Franklin Energy,” states John Dulmes, Vice President at Siegel-Gallagher. “By committing their national property search to us, they’ll be able to make the best commercial real estate decisions, whatever the market. We are very pleased that Franklin Energy is relying on our tenant representation skills and experience, and we’re confident in our ability to find the right properties and to negotiate each lease transaction to their very best advantage.”

Tom Quasius, Vice President of Operations for Franklin Energy, stressed the importance of using time tested expertise in critical growth oriented tasks. “Our core competencies revolve around our ability to deliver best in class delivery of energy efficiency programs to utilities and their customers. Siegel-Gallagher allows us to fully concentrate on that delivery, while providing to Franklin critical services to help expand our rapidly growing infrastructure.”

Franklin Energy specializes in the implementation of energy efficiency and renewable energy programs for utilities, municipalities, and states. Franklin Energy’s staff consists of professionals in program management, engineering, technical field staff, marketing, information technology, finance, and office support. They currently employ over 150 employees working from eleven offices in Wisconsin and throughout the United States. Services provided in Wisconsin include program management and implementation for We Energies, the state-wide Wisconsin Focus on Energy Program, and Xcel Energy in Northwest Wisconsin. Franklin Energy currently has thirteen open positions they are looking to fill.

Siegel-Gallagher ONCOR International is a full-service commercial real estate firm with offices in Milwaukee, Madison, and Chicago. We offer a full range of real estate services including commercial brokerage of multi-family, office, industrial and retail properties, tenant services, asset management and advisory services, property and facility management, and construction services.
